DETAILED ACTION

1. Claims 2-6, and 10 were pending in the instant application at the time of the issuance of the previous Office Action in the case, mailed September 10, 2007. Via the latest response from the Applicant, filed December 12, 2007, claim 13 is now cancelled. Therefore, claims 2-6 and 10 are pending and have been examined.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification:

At page 1, lines 10-14, replace the paragraph with the amended paragraph as follows:

This application is a continuation of U.S. Patent Application No. 09/236,366, filed January 21, 1999, now US Patent 6,807,632, and claims the benefit of U.S. Provisional Patent Application No. 60/072,316, filed January 23, 1998, both of which are incorporated herein by reference for all purposes.

Allowable Subject Matter

3. Claims 2-6 and 10 are allowed.
4. The following is an examiner's statement of reasons for allowance:

The closest prior art in the field does not teach the combination of features of the claimed invention as set forth in the independent claims, particularly including the use of a broadcast cryptographic hash descriptor file identifier to determine if a file is stored at a repository by determining if the broadcast cryptographic hash descriptor file identifier is known to the repository, and if not, adding the broadcast cryptographic hash descriptor file identifier to a list of desired broadcast cryptographic hash descriptor file identifiers, subsequently receiving at the repository the digital asset identified by the broadcast cryptographic hash descriptor file identifier, generating a second broadcast cryptographic hash descriptor file identifier for the digital asset, and determining if the two broadcast cryptographic hash descriptor file identifiers match. All in combination with the other claim limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
